Cocooned and connected

A thriving destination beyond compare, Kandivali East is a vision of the future. The well-established social infrastructure with schools, hospitals, and retail-entertainment-dining options, have made it a destination of choice for homebuyers. With views of Sanjay Gandhi National Park and easy highway connectivity, Mahindra Vista offers the perfect blend of tranquillity and accessibility. Located at the junction of Akurli road and the upcoming DP road, the property enjoys superior connectivity to the highway, rail, and metro which further enhances its appeal as a coveted address in the city of Mumbai.

Future project

The project's connectivity is further enhanced by the planned future infrastructure in its vicinity. The Thane Borivali Tunnel* and the Goregaon Mulund Link Road# will enhance your connectivity to the Eastern Express Highway; while the coastal road^ project will drastically reduce your travel time to South Mumbai.

A limitless vision

Senses serve as a gateway to experience life; however, in today's fast-paced world, technology has resulted in sensory disconnection. Mahindra Vista delivers a contemporary lifestyle that provides a rich sensory experience, allowing you to reconnect with your senses. Here amenities are curated around the vision sense, which receives almost 80% of all our impressions from our surroundings and is essential to unlock your potential.

Crafted to deliver a fulfilling life, that celebrates the vision sense and reconnects you to nature while minimising our environmental impact.

Marquee project for an aspirational lifestyle

At Mahindra Vista, the 3.53 acre landscaped greens help you reconnect with nature and experience a life above the ordinary. The project is thoughtfully designed to deliver optimal levels of natural light and air circulation, while seamlessly integrating your home with the surrounding natural environment through climate responsive and contemporary design styles. This project aims to be a beacon of sustainability while delivering a stimulating sensory environment that celebrates life & preserves nature.

Project highlights

7.74 acres with a tower footprint of less than 12%

1.92 acres of landscaped greens on Mother Earth

Signature-designed Colonnade with an infinity-edge pool on a 1.6-acre landscaped podium

State-of-the-art 28,000 sq. ft. biophilic-roof clubhouse

Efficient 2, 3, 4 BHK premium residences with balconies

High street and convenience retail at your doorstep

Artist's impression, for representation only

A vision to inspire

Inspired by Sanjay Gandhi National Park, every green space within the project is designed to thrive, just like the larger ecosystem surrounding the project, creating a harmonious and sustainable environment.

Kids Zone

Play and Health

Central Vista

And what better way to reconnect with your senses than to immerse yourself in the 3.53 acre sensory landscape? Adorned with meandering pathways, the landscape unlocks segments of the lush greens dedicated to different realms of your life.

Our vision for your leisure – Club Inspire

Nestled in the heart of Mahindra Vista, discover Club Inspire: a lavish ~28,000 sq. ft. biophilic-roof clubhouse equipped with modern amenities, designed to empower, and inspire.

Premium homes with extra spaces

Each home is thoughtfully designed using the principles of climate responsive design to ensure optimum natural light and air circulation, leading to lower indoor temperature and reduced energy usage. The building orientation and strategic window and balcony placement provide better thermal comfort and keeps you in touch with nature all day.

Efficient layout with maximum personal space for usage

Folding and sliding French windows in the living room balcony allowing uninterrupted open views

Re-imagined internal spaces with a walk-in wardrobe*

Parallel platforms* in the kitchen with dedicated space for appliances

Planned niche for cupboard and shoe rack in all residences

Cross ventilation* for enhanced air circulation

*Not applicable for all units

Sustainable homes

This project is a milestone for Net Zero living in India. As India's first Net Zero Waste + Energy homes, Mahindra Vista embraces sustainability and environment-friendly practices as foundational pillars for all our decisions.

Net Zero Waste homes designed to reduce waste to landfill (during construction)

Through every step of the process, Mahindra Vista is and will remain conscious of reducing waste while preserving the environment. Here's how we've reduced waste sent to landfills during the construction phase.

- Sustainable demolition
- Procuring green products & materials
- Reducing, reusing, and recycling waste during construction

Net Zero Energy homes powered by 100% renewable energy

Here 100% of the energy used will come from renewable sources in addition to the demand reduction done through sustainable architecture.

- Optimal building orientation to maximize natural sunlight and increase air circulation
- Ideal window-to-wall ratio for better indoor temperature
- High-performance glass maximises sunlight with reduced heat gain
- Specialised paint reduces heat gain from roofs
- Energy efficient equipment reduce power consumption

Energy

12.8%* energy saved annually through passive methods such as climate responsive design offering natural light and ventilation

5% energy supplied through on-site renewable solar energy generation

16%* of common area energy demand met through on-site renewable sources

100% power supply from renewable energy

Water

53%* of water saved annually reducing dependency on external water sources

Low-flow water fixtures

Ecosystem

~1,400+ trees at site

Dense urban forest

Local species of trees used to maintain the biodiversity

About Mahindra Lifespace Developers Ltd

Established in 1994, Mahindra Lifespace Developers Ltd. ('Mahindra Lifespaces') brings the Mahindra Group's philosophy of 'Rise' to India's real estate and infrastructure industry through thriving residential communities and enabling business ecosystems. The Company's development footprint spans 35.06 million sq. ft. of completed, ongoing and forthcoming residential projects across seven Indian cities; and over 5000 acres of ongoing and forthcoming projects under development / management at its integrated developments / industrial clusters across four locations.

Mahindra Lifespaces' development portfolio comprises premium residential projects; value homes under the 'Mahindra Happinest®' brand; and integrated cities and industrial clusters under the 'Mahindra World City' and 'Origins by Mahindra' brands respectively. The Company leverages innovation, thoughtful design, and a deep commitment to sustainability to craft quality life and business growth.

The first real estate company in India to have committed to the global Science Based Targets initiative (SBTi), all Mahindra Lifespaces' projects are certified environment friendly. With a 100% Green portfolio since 2014, the Company is working towards carbon neutrality by 2040 and actively supports research on green buildings tailored to climatic conditions in India. Mahindra Lifespaces® is the recipient of over 90 awards for its projects and ESG initiatives.
